

# SOYBEAN PRODUCT DATA

## STINE® 12EG32 BRAND

12EG32 brand is a high-performing soybean that performs best when planted in wide-row, moderate-population management systems. 12EG32 brand is well suited for highly productive, poorly drained, heavy soils due to the presence of Rps3a Phytophthora root rot resistance. If Sclerotinia white mold is a concern, make sure you open the canopy to reduce the threat.
