## STINE® **NEW** 35R92 BRAND

|                      |                                   |
|----------------------|-----------------------------------|
| <b>Maturity</b>      | <b>35</b>                         |
| <b>SCN Resistant</b> | <b>Brown Stem Rot Susceptible</b> |
| <b>Rps Gene 1c</b>   | <b>Height Medium</b>              |

35R92 brand is a new conventional line with big yield potential. 35R92 brand features Rps1c Phytophthora root rot resistance to help with performance in poorly drained soils. It really excels in high-yielding environments when planted at lower populations, which allows the plant to bush out and add lots of lateral branches and pods. 35R92 brand is also STS tolerant, which provides another soybean herbicide option.

### DISEASE RESISTANCE

|                    |              |
|--------------------|--------------|
| Phytophthora       | Very Good    |
| IDC/Salt           | Average/Good |
| SDS                | -            |
| SWM                | -            |
| Stem Canker        | Resistant    |
| Frogeye Leafspot   | Susceptible  |
| Root Knot Nematode | Susceptible  |

### AGRONOMICS

|                       |              |
|-----------------------|--------------|
| Emergence             | Very Good    |
| Standability          | Average/Good |
| Flower                | Purple       |
| Pubescence            | Light Tawny  |
| Hilum                 | Brown        |
| Chloride              | Includer     |
| Sulfonylurea Tolerant | STS          |

### NOTES:

EMERGENCE
